

Road Safety and Disaster Prevention Workshop for International Students

“What should I do in an earthquake?” “Is it legal to ride my bicycle on the sidewalk?”
This is a special workshop that will answer these and other questions you may have.

Come and find out what an earthquake feels like in an “Earthquake Simulation Vehicle”. Join us to learn more about safer living in Japan!

Date: Wednesday September 30th, 11:30 - 12:30

Place: KUINEP Lecture Hall
(1st floor; International Center)

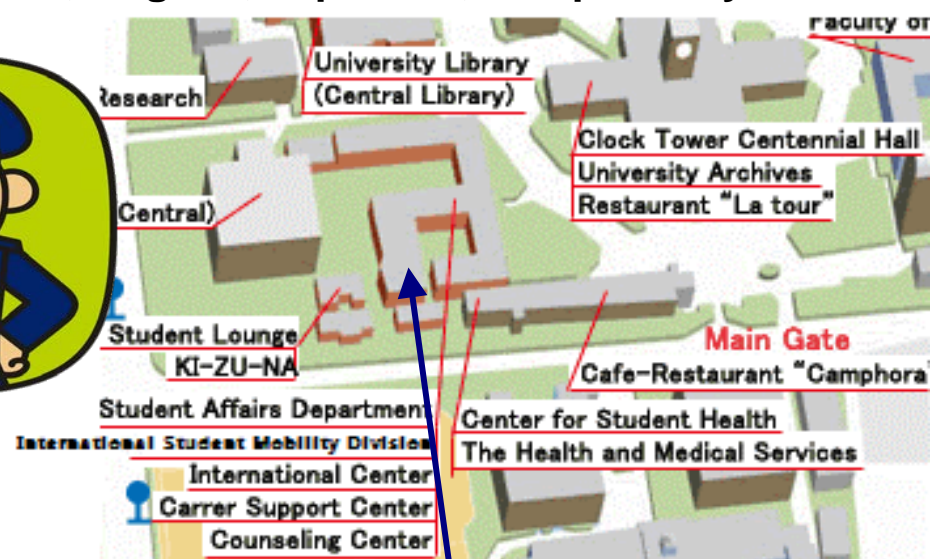

- Topics:** 1. Road Safety – Emphasis on bicycle rules
2. Disaster Prevention – How to prepare yourself for earthquakes, fires and other emergencies

Led by: The Kawabata Police Office and Sakyo Fire Department

Spoken Languages: English & Japanese

Handout Languages: Chinese, English, Japanese, and possibly others

Every year, many int'l students find themselves in emergency situations without being armed with the proper knowledge. Knowing what to do in advance will lead to a safer and more enjoyable experience in Japan!
