

Ecosystem Linkages and Human Society (Cooperative lab. from FSERC)

**Assist. Prof.
SUZUKI, Keita**

**Prof.
TOKUCHI, Naoko**

**Prof.
TATENO, Ryunosuke**

Field Science
Education and Research Center
Kyoto University

Ecosystem Linkages and Human Society

Research Themes

Keywords

Ecosystem ecology

Nutrient cycling, NPP, Water chemistry, Soil, Plants, Microbes etc

Ecology of aquatic organisms

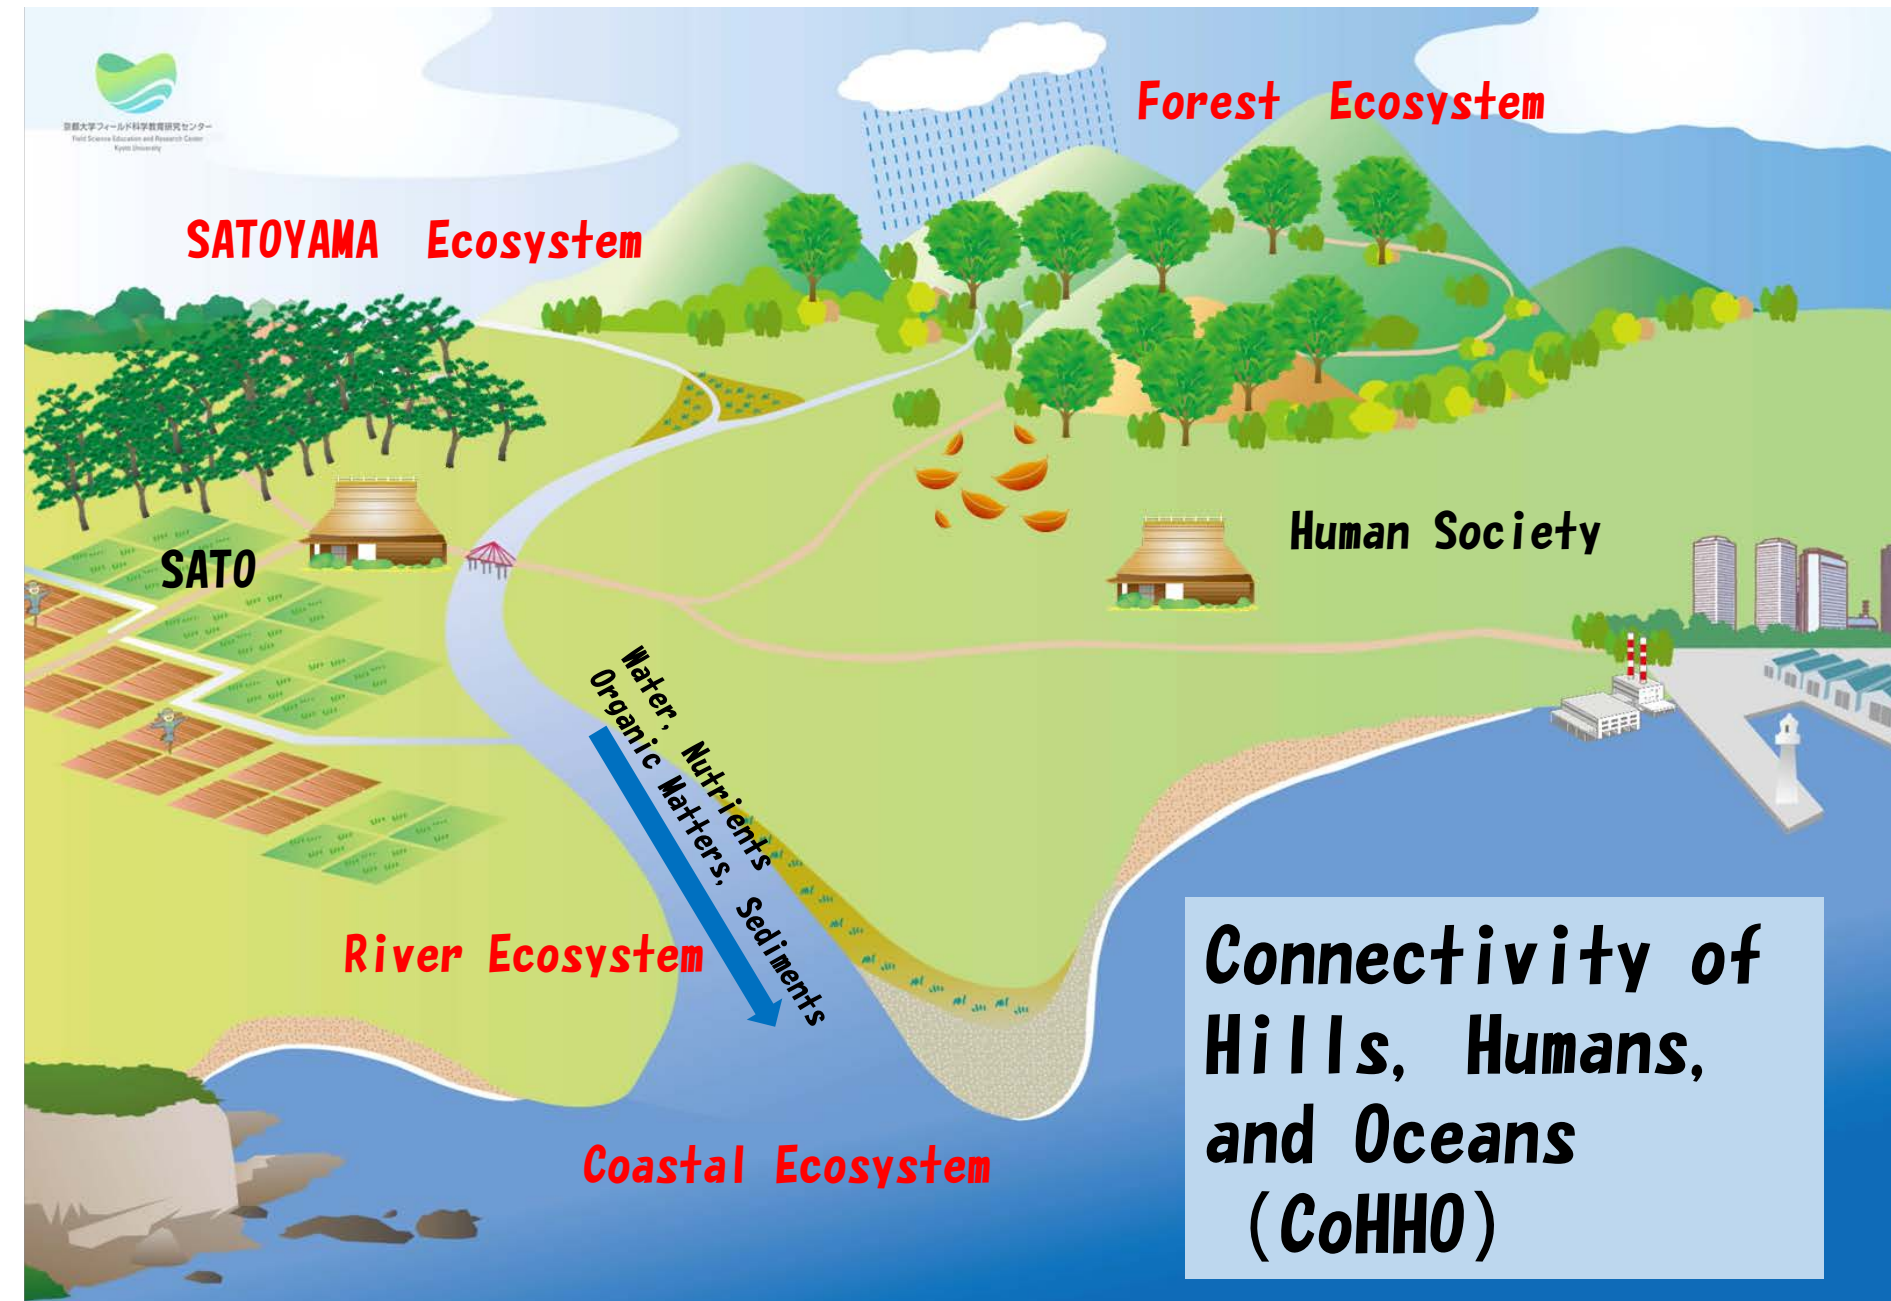

Fish, Macrobenthos, Life history, Survival, Growth, Movement, Feeding, Coastal productivity, Aquatic resources etc

CoHHO study

Ecological links, Sustainable development, Integrated academic field etc
